

БАНК ПРОМПТОВ

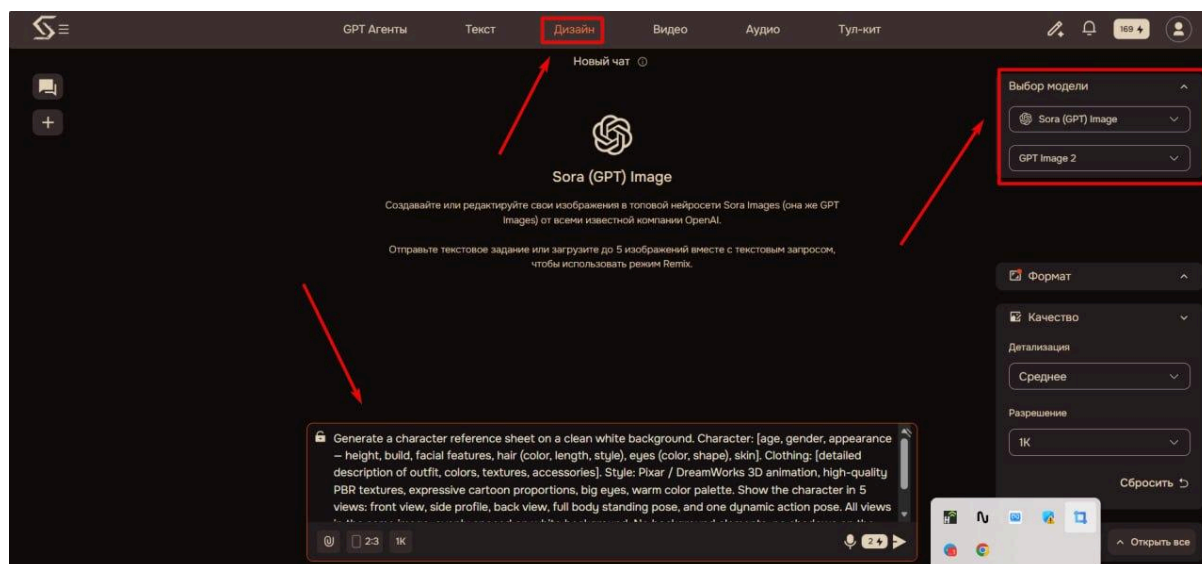

Дополнение к методичке «AI-вселенная Biker Family: формула вирусных мультиков»

Здесь собраны все рабочие промпты из методички в одном месте. Копируй, подставляй свои детали — и пользуйся.

ПАМЯТКА ПО ИСПОЛЬЗОВАНИЮ БАНКА

1. ПРОМПТЫ #1 и #2 — для GPT Image. Генерируешь один раз персонажей, дальше используешь референсы во всех роликах.
2. ПРОМПТ #3 (ЭТАЛОН) — прикрепляй КАЖДЫЙ РАЗ в чат с Claude/ChatGPT, когда работаешь над новым роликом. Без эталона нейросеть упростит структуру.
3. ПРОМПТ #4 — основной рабочий промпт для написания нового видео.
4. ПРОМПТ #5 — для итераций и правок.
5. ПРОМПТ #6 — когда нужно быстро накидать пул идей.

РАЗДЕЛ 1. ПРОМПТЫ ДЛЯ ГЕНЕРАЦИИ ПЕРСОНАЖЕЙ (используются в GPT Image — раздел «Дизайн» в Syntx.ai)

ПРОМПТ #1. ГЛАВНЫЙ ГЕРОЙ

Скопируй шаблон и подставь свои детали в квадратные скобки.

«Generate a character reference sheet on a clean white background. Character: [возраст, пол, внешность — рост, телосложение, черты лица, волосы (цвет, длина, причёска),

глаза (цвет, форма), кожа]. Clothing: [подробное описание одежды, цвета, текстуры, аксессуары]. Style: Pixar / DreamWorks 3D animation, high-quality PBR textures, expressive cartoon proportions, big eyes, warm color palette. Show the character in 5 views: front view, side profile, back view, full body standing pose, and one dynamic action pose. All views in the same image, evenly spaced on white background. No background elements, no shadows on the floor, character only.»

💡 Совет: чем подробнее опишешь персонажа — тем стабильнее он будет выглядеть во всех будущих роликах. Не жалея слов на описание глаз, волос, одежды и фирменных деталей.

💡 Если хочешь другой визуальный стиль (не Pixar) — замени Pixar/DreamWorks на нужный: Studio Ghibli anime, 2D cartoon, Disney classic, claymation и т.д.

✅ ПРОМПТ #2. ПРОТИВОПОЛОЖНЫЙ ГЕРОЙ

Этот герой должен быть контрастен главному. Если главный маленький — этот большой. Если главный нежный — этот brutальный.

«Generate a character reference sheet on a clean white background. Character: [возраст, пол, внешность]. This character is the visual opposite of the main character — [укажи, что именно противоположно: размер, возраст, стиль, настроение]. Clothing: [описание]. Style: Pixar / DreamWorks 3D animation, same visual universe as the main character, high-quality PBR textures, expressive cartoon proportions, warm color palette. Show the character in 5 views: front view, side profile, back view, full body standing pose, and one dynamic action pose. All views in the same image, evenly spaced on white background. No background, no shadows, character only.»

⚠️ Важно: оба персонажа должны быть выполнены в одном визуальном стиле. Они живут в одной вселенной — значит, нарисованы одной кистью.

🎬 РАЗДЕЛ 2. ЭТАЛОННЫЙ ПРОМПТ «LILY ВЫБИРАЕТ МОТОЦИКЛ»

Это тот самый промпт, который собрал миллионы просмотров. Используй его как ЭТАЛОН — прикрепляй к Claude/ChatGPT каждый раз, когда просишь написать новый промпт. Без эталона нейросеть упростит структуру и выдаст плоский ролик.

✅ ПРОМПТ #3. ЭТАЛОН (используется как образец структуры)

【Style】Premium 3D animated short film in the visual style of Pixar and DreamWorks Animation feature films. High-end CGI quality with warm cozy American Southwest color palette (golden honey, soft peach, cream, sunlight amber, faded turquoise, dusty pink). Highly detailed PBR textures: individual strands of toddler's red curly hair, weathered leather

biker jacket fibers with scuff marks, polished chrome motorcycle parts with realistic reflections, matte motorcycle gas tank paint, bright pink glitter sparkles on the bicycle, dusty gravel, sun-bleached wooden garage beams, soft pink jacket fabric. Expressive exaggerated cartoon facial animation — big sparkling eyes, squash-and-stretch motion, comedic timing, gestural acting. Cinematic golden morning sunlight streaming through large garage doors with volumetric god-rays and floating dust motes. Rich shallow depth of field, warm bokeh, 24fps smooth animation. Family-comedy tone transitioning into epic action-movie finale.

【Format】Horizontal cinematic 16:9 aspect ratio, 1920x1080 widescreen.

【Duration】15 seconds total.

【Native Audio】Three-part musical composition:

PART 1 (0:00-0:08) — tense mischievous orchestral comedy soundtrack: pizzicato strings, light woodwinds, ticking clock sound, in the style of a Pixar "inspection scene". Creates a feeling of serious examination. Tempo slowly building.

PART 2 (0:08-0:10) — MAGICAL ANGELIC CHOIR with heavenly shimmering strings and bells, like in classic cartoons at the moment of discovering a dream. Sound of "A-A-A-A!" choir. Lasts a short magical moment.

PART 3 (0:10-0:15) — epic heroic action-movie music with heavy drums, powerful strings, electric guitar and claps in the spirit of biker movie soundtracks like "Sons of Anarchy" and Tarantino westerns. Reaches climax at the finale.

Sound effects: soft footsteps of small sneakers on concrete garage floor, creaking of leather biker jackets with movement, light tap of tiny finger on a helmet ("tap-tap"), scratching of small fingernail on chrome, expressive nervous swallowing sounds from the bikers, magical "ding!" chime at the moment of discovering the pink bicycle, angelic "ahhhh!" choir, ringing "ding-ding" of bicycle bell, powerful roar of three V-twin Harley Davidson engines, gravel crunching under wheels, surprised gasps from passers-by, brake squeal of passing pickup truck, sound of a wrench dropping onto concrete. Diegetic only. NO dialogue, NO narration.

【Characters】

 **IMPORTANT:** For the appearance of all four characters (Lily, Dudley, Woody, Bobby) use the ATTACHED REFERENCE IMAGES as the basis. Descriptions below are additional characteristics for behavior and clothing in this scene.

LILY — a girl approximately 5 years old, per reference: chubby rosy cheeks, very large expressive BROWN eyes, RED curly hair gathered in TWO SMALL PIGTAILS on the sides, fair skin with freckles. Wearing a bright pink quilted jacket, light blue jeans with rolled cuffs, small white sneakers with pink laces. In the beginning and middle of the clip — WITHOUT HELMET AND WITHOUT SUNGLASSES. Only in the final episode (from second 12) puts on a pink rhinestone-and-glitter helmet plus tiny black aviator sunglasses. Pixar-style cute proportions: oversized head, small body, tiny hands and feet. PERSONALITY IN THE BEGINNING — stern professional inspector: stone-cold face, no smile whatsoever, pursed lips, furrowed little brows, evaluating squint, serious and focused like an adult expert.

@image

DUDLEY — man around 40 years old, per reference: dark hair, thick groomed dark beard, powerful build, soft kind brown eyes, tattoos on his arms. Wearing a black leather biker jacket with studs, black t-shirt, dark jeans, heavy biker boots. WITHOUT SUNGLASSES in the beginning and middle of the clip — his eyes are visible to convey emotions of anxiety and surprise. Puts on black aviator sunglasses only in the finale (from second 12). Lily's father. @image

WOODY — man around 40 years old, per reference: long blonde hair, blonde beard with one braided plait in the middle, blue eyes, muscular. Wearing a brown leather vest over a plaid shirt, worn jeans, boots. WITHOUT SUNGLASSES in the beginning and middle. Puts on dark sunglasses only in the finale. Dudley's best friend. @image

BOBBY — man around 40 years old, per reference: completely bald shiny head, CLEAN-SHAVEN FACE (NO MUSTACHE, NO BEARD), short and stocky build, slightly SHORTER than the other bikers, tattoos on his arms, kind baby-face with round cheeks, warm brown eyes. Wears a black leather biker jacket and jeans.

BIKERS' MOOD DURING THE INSPECTION: they look genuinely SCARED and NERVOUS, like grown men before a strict inspection. Exchange anxious glances, shift from foot to foot, swallow nervously, wipe sweaty foreheads, don't know what decision tiny Lily will make. The contrast — their huge size vs her tiny size — makes it hilarious.

THREE HARLEY DAVIDSON MOTORCYCLES:

DUDLEY'S BIKE — massive black aggressive cruiser, matte black paint, minimal chrome, low stance, skull on the gas tank.

WOODY'S BIKE — classic chrome cruiser with flames painted on the sides of the gas tank, high "ape hanger" handlebars, lots of shiny chrome.

BOBBY'S BIKE — massive bike with white skulls on a black gas tank, chains, spikes on the seat, leather tassels on the handlebars.

BRIGHT BARBIE-PINK BICYCLE — a child's bicycle in SATURATED BRIGHT BARBIE-PINK color, sparkling pink and silver glitter on the frame, white woven basket with artificial daisies on the front, long pink-and-white tassels on the handlebars, white seat with embroidered unicorn, small silver bell on the handlebar, additional small training wheels at the back for stability.

PASSERS-BY AND DRIVER — in the background of the final shots: an elderly couple (grandma with a grocery bag, grandpa in a cap) on the roadside, mouths agape in surprise; an old pickup truck passing by, the driver — a middle-aged man in a cowboy hat — sticking his head out of the window with open mouth and raised eyebrows.

【Setting】Spacious biker garage "Dudley's" in the early morning in the American Southwest. Large open garage doors in the background, through which a dusty road can be seen stretching to the horizon, with cacti along the roadside and distant red rocks in the morning haze. Inside the garage: concrete floor with oil stains, metal tool racks along the walls, wrenches hanging on chains, old retro motorcycle posters on the walls, faded American flag in the corner, "Dudley's" neon sign on the side. Three Harley motorcycles standing in a row

in the center of the garage, polished to a shine, lit by warm morning light. In the very far corner of the garage, on a small wooden pedestal, separate from the motorcycles, stands the bright pink bicycle — initially in shadow, then lit from above by a soft angelic beam of morning sun, like a treasure in a museum.

DETAILED SHOT-BY-SHOT SEQUENCE (15 seconds):

[00:00-00:02] OPENING WIDE SHOT OF THE INSPECTION

Wide shot of the garage interior. Dudley, Woody and Bobby stand in a row facing the camera, arms crossed on their massive chests, WITHOUT SUNGLASSES — their eyes are visible and already show slight anxiety. In front of them stand their three Harleys in a row, polished, reflecting the morning light. Lily's tiny figure enters the frame from the bottom right, with her little hands clasped behind her back like a serious adult inspector. Her pink jacket contrasts brightly with the bikers' black leather. Two red pigtailed bounce as she walks. Stone-cold face, no smile. Warm golden light pours from the doors behind. Tense pizzicato music with ticking begins.

[00:02-00:04] FIRST MOTORCYCLE — REJECTION

Lily approaches the FIRST motorcycle (Dudley's black one). Stops. CLOSE-UP of her focused little face — squints her brown eyes, purses her lips into a stern line, furrows her tiny brows. Her tiny finger reaches into frame and carefully taps the black helmet hanging on the handlebar — "tap-tap-tap". Listens to the sound. Slowly shakes her head left-right: "no". CUTAWAY — close-up of Dudley's face: his brown eyes widen, he swallows nervously, his Adam's apple bobs, a drop of sweat appears on his forehead.

[00:04-00:06] SECOND MOTORCYCLE — REJECTION

Lily takes a step right to the SECOND motorcycle (Woody's chrome one with flames). LOW ANGLE — the camera looks up, emphasizing that Lily is evaluating a huge bike. She leans in, peers at the chrome wheel, her tiny serious reflection visible in the polished chrome. Runs her finger along the chrome — looks at her finger evaluatingly, rubs index and thumb together checking quality. Wrinkles her nose, makes a "yuck" expression with her lips. Her little hand makes a decisive dismissive gesture: "not this one". CUTAWAY — Woody and Bobby exchange panicked looks, Woody nervously fidgets with the braid in his beard.

[00:06-00:08] THIRD MOTORCYCLE — FINAL REJECTION

Lily approaches the THIRD motorcycle (Bobby's, with skulls). Crosses her tiny arms on her chest, perfectly mirroring the bikers' pose behind her. Examines the bike from top to bottom with a slow movement of her head. Her brown eyes narrow in a stern evaluating squint. EXTREME CLOSE-UP INSERT: her finger touches the spiked seat, she sniffs her finger, wrinkles her face in disgust. Turns to the bikers, raises both little palms in a decisive "no-no-no" gesture, categorically shakes her head. CUTAWAY — reaction of the three bikers: Bobby in shock grabs his bald head with both hands, Woody opens his mouth in horror, Dudley wipes sweat from his forehead. They are completely lost. Music reaches a tense peak and abruptly cuts off.

[00:08-00:10] 🌟 ANGELIC MOMENT — DREAM DISCOVERY

SILENCE for a split second. Lily turns on the heels of her little sneakers and resolutely walks toward the far dark corner of the garage. Camera on DOLLY follows her from behind. Her

tiny pink figure moves into the dim corner. Suddenly from above breaks through a BLINDING ANGELIC BEAM OF GOLDEN LIGHT — like in classic cartoons when the hero finds their dream. In this heavenly beam, on a small wooden pedestal, stands the BRIGHT BARBIE-PINK BICYCLE — glitter sparkles like stars, tassels gently sway, basket with daisies glows. ANGELIC CHOIR "AHHHH!" sounds at full power. Magical sparkling particles fly around the bicycle. Lily freezes mid-step.

[00:10-00:12] 💖 EMOTIONAL EXPLOSION + THE TWIST

EXTREME CLOSE-UP OF LILY'S FACE — for the first time in the entire clip her stone-cold serious expression MELTS. Her huge brown eyes widen with pure delight. In her pupils appear pulsing pink cartoon HEARTS with a soft "ding-ding" sound. Her little mouth forms an enchanted "oooh!". Her rosy cheeks become even rosier. Her little hands press to her cheeks in a gesture of pure delight. This is her DREAM. CUTAWAY — close-up reaction of the three bikers: Dudley's jaw drops, his mouth open in a silent "wow", his brown eyes huge. Woody drops his wrench — it clatters onto the concrete with a ring. Bobby grabs his bald head with both hands. AT THIS EXACT SECOND THE MUSIC SHIFTS SHARPLY — the angelic choir transitions into a powerful epic action-movie theme with heavy drums and electric guitar.

[00:12-00:14] 🔥 EPIC SLOW-MOTION RIDE-OUT

Slow motion, epic action-movie music at maximum. VIEW FROM INSIDE THE GARAGE TOWARD THE DOORS against the blinding golden morning sun. The heroic convoy rides out in silhouettes: IN FRONT — tiny Lily on the bright pink bicycle, now wearing the pink rhinestone helmet and black aviator sunglasses, red pigtails fluttering, handlebar tassels flowing in the wind, serious "cool" face like an action hero. BEHIND IN A WEDGE FORMATION — Dudley, Woody and Bobby on three massive Harleys, now also wearing black sunglasses, serious cool faces, leather jackets flapping in the wind, engines ROARING. Golden dust swirls in the sunbeams under the wheels. Every movement heroic and slowed down.

[00:14-00:15] FINAL AWE-STRUCK SHOT

WIDE SHOT FROM OUTSIDE THE GARAGE — the convoy rides out onto the dusty American Southwest road. On the roadside stands the elderly couple with open mouths and wide eyes, grandma drops her grocery bag on the ground. An old pickup truck brakes in the frame on the right, the driver in a cowboy hat sticks his head out the window, mouth open in amazement, sunglasses sliding to the tip of his nose. Camera rises to a drone shot showing the entire majestic picture: the tiny pink bicycle in front, three black Harleys behind, golden road stretching toward red rocks and cacti on the horizon. Music reaches its final powerful triumphant note. Hold on this heroic final shot.

ABSOLUTE STYLE CONSTRAINTS:

Visual quality matches Pixar / DreamWorks feature-film standard (NOT amateur 3D, NOT mobile-game 3D).

⚠️ Appearance of Lily, Dudley, Woody and Bobby — STRICTLY ACCORDING TO ATTACHED REFERENCE IMAGES.

Lily: BROWN eyes, RED curly hair in TWO pigtails. NOT green eyes, NOT blonde.

Sunglasses and helmet on all characters — ONLY in the final episode from second 12. Before that everyone is WITHOUT SUNGLASSES.

Bicycle — BRIGHT BARBIE-PINK color, saturated, NOT soft pink.

Warm golden morning color grading in American Southwest style throughout the entire clip.

Exaggerated cartoon facial expressions, big expressive eyes, emotional acting on all characters including the bikers.

Lily's personality in the first half — STERN INSPECTOR, no smile, stone-cold face. Only at the moment of finding the bicycle (08-10 sec) — emotional explosion.

Bikers' personality in the first half — GENUINELY SCARED AND NERVOUS, as if during a strict inspection.

Pacing: SLOW TENSE INSPECTION (0-8 sec) → ANGELIC DISCOVERY MOMENT (8-10 sec) → EMOTIONAL EXPLOSION AND TWIST (10-12 sec) → EPIC ACTION-MOVIE RIDE-OUT (12-15 sec).

Camera language: many close-ups of faces for emotion, low angles for child's POV, synchronized cutaway reactions of the three bikers, slow motion for the finale, epic garage exit against the sun.

Smooth 24fps animation.

NO dialogue, NO on-screen text, NO subtitles, NO captions.

Warm family-friendly humor — playful and cute, never scary.

Horizontal 16:9 cinematic widescreen framing throughout.

РАЗДЕЛ 3. ПРОМПТЫ-ОБРАЩЕНИЯ К CLAUDE / CHATGPT (копируешь и вставляешь в чат, когда работаешь над своим роликом)

ПРОМПТ #4. РАСПИСАТЬ СЦЕНАРИЙ ПО ЭТАЛОНУ

Используй этот промпт, когда у тебя готов свой сценарий (5-7 предложений на русском) и нужно превратить его в полноценный промпт на 8 блоков.

 *Перед отправкой прикрепи к диалогу: (1) эталонный промпт «Lily выбирает мотоцикл» из Раздела 2 этого банка, (2) свой сценарий, (3) референсы своих персонажей.*

«Привет. Прикрепляю тебе три файла:

1. Эталонный промпт — он идеально работает в Seedance и даёт киношный результат.
2. Мой сценарий ролика на русском языке.
3. Референсы моих персонажей.

Твоя задача: распиши мой сценарий по точно такой же структуре, как в эталонном промпте. Используй все 8 блоков: Style, Format, Duration, Native Audio, Characters, Setting, Shot-by-shot Sequence, Style Constraint.

Сначала напиши промт НА РУССКОМ ЯЗЫКЕ. Я проверю, при необходимости попрошу правки, и только потом ты переведёшь его на английский. Поехали.»

✓ ПРОМПТ #5. ВНЕСТИ ПРАВКИ В ГОТОВЫЙ ПРОМПТ

Используй, когда промт почти готов, но в нём нужно что-то поправить (после первой генерации в Seedance или просто при перечитывании).

«Промт почти идеальный, но нужно внести правки:

- [укажи конкретно, что поправить: на какой секунде, в каком блоке, что изменить]
- [вторая правка]
- [третья правка]

Покажи мне ТОЛЬКО изменённые блоки, а не весь промт целиком. Это сэкономит время — мне не нужно перечитывать всё заново.

После того как я подтверждаю правки — собери финальный промт целиком и переведи его на английский.»

✓ ПРОМПТ #6. ЕСЛИ НЕТ ИДЕЙ — ПОПРОСИ 15 ШТУК

Используй, когда сидишь над пустым документом и не знаешь, о чём снять следующий ролик. Нейросеть выдаст готовые идеи под твою вселенную.

⚠ *Перед отправкой прикрепи к диалогу референсы своих персонажей или коротко опиши свою вселенную (кто главный герой, кто свита, в чём фишка).*

«Привет. У меня есть AI-вселенная со следующими персонажами и сеттингом:

- Главный герой: [кратко опиши — кто это, возраст, внешность, характер]
- Контрастная свита: [кратко опиши второстепенных героев]
- Визуальный стиль: [например, Pixar/DreamWorks, тёплая палитра, такой-то сеттинг]
- Фишка вселенной: [главный контраст, на чём держится]

Мне нужно 15 идей для коротких 15-секундных вирусных роликов в этой вселенной.

Каждая идея должна быть построена по формуле:

1. КОНТРАСТ — столкновение двух противоположностей в одном кадре.
2. НЕОЖИДАННЫЙ ПОВОРОТ на 10-12 секунде — зритель ждёт одно, получает другое.
3. УМИЛЕНИЕ — момент, от которого зритель захочет сказать "ааа, какая прелесть".

Формат ответа для каждой идеи:

- Название (короткое, цепляющее)
- Сюжет в 2-3 предложениях

- Где КОНТРАСТ
- Где ПОВОРОТ (что именно произойдет на 10-12 секунде)
- Где УМИЛЕНИЕ

Идеи должны быть РАЗНЫЕ — не дублируй похожие сюжеты. Используй разные локации, разные ситуации, разные эмоциональные крючки. Дай 15 идей списком.»

ПАМЯТКА ПО ИСПОЛЬЗОВАНИЮ БАНКА

1. ПРОМПТЫ #1 и #2 — для GPT Image. Генерируешь один раз персонажей, дальше используешь референсы во всех роликах.
2. ПРОМПТ #3 (ЭТАЛОН) — прикрепляй КАЖДЫЙ РАЗ в чат с Claude/ChatGPT, когда работаешь над новым роликом. Без эталона нейросеть упростит структуру.
3. ПРОМПТ #4 — основной рабочий промпт для написания нового видео.
4. ПРОМПТ #5 — для итераций и правок.
5. ПРОМПТ #6 — когда нужно быстро накидать пул идей.

Удачных роликов
